Regulatory Overview & IRB Requirements
Protocol Feasibility & Resource Assessments
REDCap Database Building & Management

TIME

Noon to 2 p.m.

PLACE

Blaisdell Medical Library
Room 1108
4610 X Street, Sacramento, CA

GET HELP WITH QUESTIONS, SUCH AS:

Health Data – Health Library Informatics

- Where can I find open data sources related to my topic?
- How can I improve the data management plan for my project?

Regulatory Overview/IRB Requirements

- How do I obtain IRB approval for recruitment methods, such as social media, email blasts, and telephone scripts?
- How do I obtain ancillary approvals, e.g., IT evaluation, Radiation Use Committee, etc.?

Protocol Feasibility & Resource Assessments

- How do I find out about UC Davis research costs?
- Who will be performing protocol-related procedures and where will these be done?

REDCap: Building & Management of Your Database

- How can I collect and store data for investigator-initiated clinical trials securely?
- How can I administer simple surveys or manage data in longitudinal studies?

2020

OFFICE HOURS

Do you have questions about Clinical Research Resources?
